

# The next generation

in trace mineral solutions and the best-in-class innovations.

## IntelliOpt Precision Mineral Nutrition

### Why IntelliOpt?

HEALTH

PERFORMANCE

PROFITABILITY

Trace minerals are essential for optimal health of animals and to maximize performance and profitability

### WHAT MAKES US UNIQUE?

The strength of synergy when **1 + 1 = 3**

What makes IntelliOpt unique is the combination of IntelliBond (hydroxy) and Optimin (organic) trace mineral sources in one convenient blend.

IntelliOpt may improve animal performance due to their complementary release profiles

IntelliOpt slowly begins to release soluble metal one layer at a time when they reach in the segment of the gut with pH less than 4

IntelliOpt with its unique formulation has its absorption extended further down the tract to support improved absorption across the intestinal wall

# IntelliOpt Poultry Flex

Our next-generation trace mineral solution, IntelliOpt™, provides a unique Precision Trace Mineral Nutritional concept to meet species-specific requirements.

Its complementary release profile allows the animal to optimise trace metal absorption, providing a high level of bioavailability required for vital physiological functions of the animal.

IntelliOpt has a 7:1 return on investment compared to Inorganic.  
IntelliOpt has a 4:1 return on investment compared to Organic blend.

IntelliOpt has a 4:1 return on investment compared to Inorganic.  
IntelliOpt has a 2:1 return on investment compared to Organic blend.

## Key benefits:

### Convenience: All minerals in one bag

All solutions are accurately formulated, delivering the right and **consistent** amount of micro-ingredients. All in one bag

### Performance: Consistent results

Species-specific solutions to optimize trace mineral status and productivity. Validated by **>200 research trials**

### Profit: Maximizing ROI by optimising production

20+ years of continued success delivering optimal **performance**, and **profitability!**

### Well-being: Supporting essential physiological functions

IntelliOpt consistently provides the **right amount of the right mineral** at the right time to optimize animal well-being.

### Sustainability: Precision nutrition supports environmental compliance

IntelliOpt supports increased trace metal absorption while **minimizing environment excretion**
